NOTES TO FINANCIAL STATEMENTS

Notes to Financial Statements

1. Summary of Significant Accounting Policies

A. Accounting Practices

The financial statements of The Wellness Plan (TWP) are presented on the basis of accounting practices permitted by the Michigan Office of Financial and Insurance Services (OFIS).

As of January 1, 2003, OFIS has adopted the NAIC’s *Accounting Practices and Procedures* as a component of prescribed and permitted practices. OFIS has certain permitted practices that can be used as a phase-in for the accounting practices.

- 1. Three-year phase-in period for the limitation of admitted electronic data processing equipment and software
- 2. Three-year phase-in period for the amount of nonadmitted furniture and equipment

TWP, with the previous permission of OFIS, records their Malpractice Trust Self Insurance Fund and the Stop Loss Self Insurance Trust on Schedule BA. These two items are not specifically addressed in statutory accounting. In addition, one of the funds has a negative balance, which OFIS has allowed to remain as an asset. If these funds were not allowed as admitted assets, the surplus would be decreased by \$928,845 as of December 31, 2003 and by \$907,695 as of December 31, 2002.

A reconciliation of the Company’s net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Michigan is shown below:

	12/31/03	12/31/02
(1) Net income – Mich. OFIS basis	\$ 5,096,000	\$ (7,936,860)
(2) State prescribed practice	-0-	-0-
(3) State prescribed practice	-0-	-0-
(4) Net income – NAIC SAP	<u>\$ 5,096,000</u>	<u>\$ (7,936,860)</u>
(5) Statutory surplus – Mich. OFIS basis	\$ 8,606,172	\$ 3,227,164
(6) State prescribed practices (surplus):		
EDP equipment	215,440	2,841,244
Furniture & equipment	1,802,686	2,114,569
(7) State permitted practices (surplus):	<u>-0-</u>	<u>-0-</u>
(8) Statutory surplus – NAIC SAP	<u>\$ 6,588,046</u>	<u>\$ (1,728,649)</u>

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with NAIC’s and OFIS’s accounting practices and permitted practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities as of the date of the statement of admitted assets, liabilities and capital and surplus—statutory basis and revenues and expenses and capital and surplus—statutory basis for the period reported on. Actual results could differ from those estimates.

C. Accounting Policy

Fair Value of Financial Instruments—The carrying amounts of cash, short-term investments, receivables, accounts payable, and accrued expenses approximate fair value due to the short maturity of these items. Investments are valued at fair values, which are based on quoted market prices.

Cash and Short-Term Investments—Cash and short-term investments are carried at cost, which approximate fair market value, and are comprised of cash and highly liquid short-term investments with an original maturity of 90 days or less.

Investments—Investments consist primarily of mutual funds and short-term interest bearing investments with original maturities greater than three months. Investments are stated at fair value, which are based on quoted market prices. Investment income, including interest, dividends and realized gains and losses are included in the statement of revenue over expenses. Unrealized gains and losses are excluded from excess of expenses over revenues.

NOTES TO FINANCIAL STATEMENTS

Inventories—Inventories are stated at the lower of cost or market, determined by the first-in, first-out method.

Property and Equipment—Property and equipment are stated at cost. Depreciation is computed by the straight-line method over the estimated useful lives of the respective assets, which range from 3 to 30 years.

Statutory Reserves—As a condition of licensure with the State of Michigan, the Corporation is required to maintain in a contingency fund a deposit of \$1,000,000 as of December 31, 2003 and 2002, as an additional resource to provide for health care services for its members. This deposit is restricted and is held in a jointly administered trust fund with the Michigan Insurance Bureau. The funds are invested in certificates of deposit and U.S. Government securities and recorded as cash and short-term investments.

Revenue Recognition—Revenue is recognized during the month in which coverage for enrolled members is in effect. Unearned revenue represents advance billings prior to that in which coverage is in effect.

Accrued Medical Claims—Health care costs are accrued in the period services are provided to the enrolled members based in part on estimates, including an accrual for medical services provided but not yet reported. Such estimates are based on historical payment patterns using actuarial techniques and are regularly reviewed and updated. Differences in estimates resulting there from are reflected in current operations.

Malpractice Costs—The provision for estimated medical malpractice claims includes estimates of the ultimate costs for both reported claims and claims incurred but not reported.

Income Tax Status—The Corporation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code; accordingly, no provision for federal income taxes has been made in the financial statements.

2. Accounting Changes and Correction of Errors

As of January 1, 2003, OFIS has adopted the NAIC’s Accounting Practices and Procedures as a component of prescribed and permitted practices. OFIS has certain permitted practices that can be used as a phase-in for the accounting procedures.
